
Erratum: Unique Presentations of *Burkholderia gladioli* Infections in Several Strains of Immunocompromised Mice

This corrects the article DOI: 10.30802/AALAS-CM-23-000016
In the original article entitled “Unique Presentations of
Burkholderia gladioli Infections in Several Strains of Immuno-
compromised Mice,” published in Vol 73, Issue 5 (October
2023), pages 391 to 397, there is an accidental error in the
first sentence of the Introduction section, which states that

Burkholderia gladioli is nonmotile when in fact *B. gladioli* is
considered to be motile. *Burkholderia gladioli* is correctly
described as motile in the Discussion.
